# *A Glimpse of Heaven*

## Heavenly Horse Time

The Vee Bar Ranch family and wranglers know their horses! Based on your level of riding and horse experience (all levels welcome), you'll become best buds with the perfect horse who will journey with you through grassy meadows and rivers, along mountain paths, herd cows and calves, and partner for good ol' Western fun and games. We'll ride each day in sunshine or snow (yes, the weather does what it does, especially at 8,000 ft. elevation), and bask in the spectacular autumn colors.

## Inspired Art Time

Pretty much every view stirs the creative soul! Whether a seasoned artist, dabbler, or none, we'll each create acrylic on canvas paintings inspired by the surroundings and your imagination. There is no "right" way to approach the creative process and Jayme's encouraging and informative approach will provide another measure of relaxation and joy. Additional art activities and mediums are available if your creative muse goes wild—watercolor, pastel, and more, as you create both "en plein aire" (outdoors) and inside the historic lodge and cozy cabins. Over the course of your stay, Jayme provides group and personal art instruction. Just as important, free time is also built into the schedule to independently tap into your creative muse (or go fly-fishing, read by the river, or take a snooze!). All art materials are provided to make travel easy and the packing light!

## Relaxation & Reflection Time

I can attest there's something extra special about the ranch ~ it's a place where you breathe differently and wear a silly grin. Perhaps it's the mixture of fresh air and sunshine, the sound of the river just a stone's throw away, the whinnying of horses in the nearby meadows, Western hospitality like no other, the most delicious meals this side of the Mississippi, and friends made for a lifetime ... so much that my husband, James, and live here full time! After all, we found our heaven on earth. Come enjoy with us!
